

RETAINING CLAMPS

Retaining clamps

For the fixing of cables to wood or concrete we recommend **BRIGHT-BOND** retaining clamps.

Our retaining clamps are made of stainless steel and can be supplied in four versions:

1. Retaining clamp only.
2. Retaining clamp and nail for wood.
3. Retaining clamp, plug and screw for concrete.
4. Retaining clamp and spike for concrete.

Consult the table on a suitable choice.
